Through her presentation, Dr. Mitchell will provide attendees with an insider’s view into the characterization of organically bound and chelated minerals and how they offer multiple functional advantages and increased bioavailability across a wide range of mineral categories, including magnesium, calcium and zinc.

Taking place from November 6 – 10 at the Mandalay Bay Resort & Casino in Las Vegas, NV, SupplySide West is an annual trade show and educational forum that brings together more than 16,000 ingredient buyers and suppliers from the dietary supplement, beverage, functional food, personal care and sports nutrition industries.

Dr. Mitchell’s presentation is scheduled for Thursday, November 8 from 12:30pm – 12:50pm in the Exhibitor Presentation Theater located on the Expo floor.

Innophos will be at **booth #2758** where it will demonstrate its growing portfolio of customized nutrition blends, branded ingredients, and high-performance minerals that improve quality of life and respond to consumer demand.

About the Company

Innophos is a leading international producer of specialty ingredient solutions that deliver far-reaching, versatile benefits for the food, health, nutrition and industrial markets. We leverage our expertise in the science and technology of blending and formulating phosphate salts, minerals, enzymes and botanical based ingredients to help our customers offer products that are tasty, healthy, nutritious and economical. Headquartered in Cranbury, New Jersey, Innophos has manufacturing operations across the United States, in Canada, Mexico and China. For more information, please visit www.innophos.com. 'IPHS-G'
