- Net income of \$14 million, up 151% YOY
- Strong adjusted EBITDA performance of \$34 million, or 18% of sales, up 291 basis points year-over-year
- Diluted EPS of \$0.69, up 150% YOY; Adjusted diluted EPS of \$0.75, up 14% YOY
- Continued focus on cost actions instrumental to mostly offset softness in sales in core markets served
- Cash from operations strong at \$40 million, nearly double Q3 2015
- Free cash flow at \$33 million due to reductions in working capital

GTSP Tolling Agreement

Decreases volatility, refocuses resources

- Two-year tolling agreement (effective December 1, 2016)
- Reduces GTSP earnings volatility
- Provides outlet in market for GTSP co-product
- Reduces need to direct IPHS resources on non-core product line and market
- Reflects management's commitment to deliver on promises

Strengthening The Foundation for Our Transformation

Meaningful organizational changes built on the right talent, structure and processes

Integration of the Nutrition Business

- 
- Supply Chain, Purchasing, and Customer Service reporting to Amy Hartzell, VP Supply Chain and Purchasing
 - Sales, Marketing and Technology reporting to Sherry Duff, CMO and VP Technology

- ✓ Better aligns Nutrition business with strategic processes and goals
- ✓ Drives growth via market leadership, innovation and customer responsiveness

Streamlining the Specialty Phosphates Sales Organization

- Delaying the reporting structure for global sales organization
- Head of Global Sales now reports directly to CEO Kim Ann Mink

- ✓ Provides better visibility into markets and customer needs
- ✓ Positions Innophos to better serve customer needs through challenging market conditions

Operational Excellence

Continuous improvement and best-in-class excellence

- **Hired Amy Hartzell, VP of Supply Chain and Purchasing**

\$17m reduction in inventory for Q3 2016
\$13m to \$15m Procurement Savings Pipeline, 75% to hit 2016 P&L

Commercial Excellence

Aligning sales, marketing and technology to drive customer engagement and value creation

- **Customer segmentation to identify, understand, and meet the needs of our customer base**
 - ✓ Differentiate service levels and customer offerings while managing margins
 - ✓ Tailor go-to-market strategy across our products and sales organization
 - ✓ Product application work responding to consumer trends and customer needs
- **Sales force re-orientation strategy with emphasis on value capture**
 - ✓ Align with strategic target markets to drive top and bottom line growth
 - ✓ Differentiate between sales channels
 - ✓ Focus on response times to effectively compete in the market place

Strategic Growth

Strengthen core and accelerate growth through M&A

Multi-Faceted Strategic Review Underway

- ✓ Data driven analytics
- ✓ Solid progress made to date

Preliminary Observations

Strengthening the Core

- Core Specialty Phosphate business is proven cash generator with further earnings potential
- However, mature product lines are expected to grow at best with GDP

Growth via non-Phosphate M&A

- Bolt-on acquisitions, profitable growth, disciplined investment criteria
- Diversify portfolio outside of Phosphates
- Aligned with current markets, including adjacencies in food, health & nutrition

Strategic Growth Roadmap Roll Out

- Targeting early 2017
- Inorganic and organic growth

Q3 2016 Performance

Cost actions largely offset soft sales. YOY improved margin profile. Strong cash generation

--------------	-----	----------	-----	----------

Quarterly Comments

- Lower YOY selling prices were offset by lower variable costs resulting in YOY gross margin improvement of 319 bps
- 151% increase in net income and 13% increase in adjusted net income despite 7% sales decline due to better mix and cost actions
- Adjusted EBITDA of \$34 million and 18% of revenue was strongest performance in 8 quarters, 12% ahead of Q1/Q2 2016 average
- Specialty phosphate adjusted EBITDA of 19%, up 392 bps versus same quarter last year
- Strong cash generation with \$40 million operating cash flow, \$33 million free cash flow

2016	186		558	
YOY Variance	(14)	-7%	(61)	-10%

Quarterly Comments

- Sales Revenue down 7% versus prior year due to unfavorable volume/mix and lower average selling prices. Sales were down in both the direct and distribution sales channels
- Specialty Phosphates, 91% of total sales, 9% down versus prior year mostly driven by reduced volume/mix at minus 8%, in lower margin, less differentiated applications
- GTSP/Other, 9% of total sales, up 24% versus prior year. Volume/mix was up 51%, partially offset by 27% lower price due to lowest market price levels seen in six years
- Gross margin of 22% improved 319 bps versus prior year due to favorable input costs and continued good cost controls

Outlook for Q4 and Full Year 2016

- Seasonably weak Q4 revenues are expected to result in Q4 net income and adjusted EBITDA that are softer than Q1 and Q2
- Specialty Phosphates volumes forecast to be down 6-8 percent for the year
- Inputs costs for Q4 to remain at current levels
- Cost actions continue to be a focus along with cash delivery
